

## “We the People” Initiative

### Application

If you are interested in participating on a day, please fill out this application. There is limited space on each site because we want to ensure that there is enough work for everyone to do. On the application, please note how much time you would like to devote to the day and whether there is someone you would like to work with. We will contact you shortly after we receive your application, letting you know if there is room in your requested day.
